

**Deborah A. Zarin, MD**, is the Director, ClinicalTrials.gov in the National Library of Medicine. In this capacity, Dr. Zarin oversees the development and operation of an international registry and results reporting system for clinical trials, and the corresponding implementation of legal and other trial reporting policies.

Dr. Zarin's recent research has been on the quality of trial reporting, as well as issues in the design and analysis of clinical trials. Previous positions held by Dr. Zarin include the Director, Technology Assessment Program, at the Agency for Healthcare Research and Quality, and the Director of the Practice Guidelines program at the American Psychiatric Association. In these positions, Dr. Zarin conducted systematic reviews and related analyses in support of evidence based clinical and policy recommendations. Dr. Zarin's academic interests are in the area of evidence based clinical and policy decision making, as well as clinical trial conduct, analysis and reporting. She is the author of over 70 peer reviewed articles.

Dr. Zarin graduated from Stanford University and received her doctorate in medicine from Harvard Medical School. She completed a clinical decision making fellowship, a pediatric internship, and is board certified in general psychiatry, as well as in child and adolescent psychiatry.
