2. Will request create or materially enhance generalizable scientific and/or medical knowledge to inform science and public health?  Yes
3. Can the proposed research be reasonably addressed using the requested data?  Yes, or it's highly likely
4. Recommendation for this data request:  Not Approve

Comments:
Would be useful for the investigators to clarify the utility of the data available via the YODA Project if IPD from other trials cannot be secured. Further, more detail would help peers understand whether the intention is to use different methods if only aggregate data can be secured and used for this study.
