

**Yale University Open Data Access (YODA) Project
Conflict of Interest Disclosure Form for Data Requestors**

4. Relevant Financial Activities Outside the Proposed Research

Check only the statement that applies:

- I (and/or my spouse or domestic partner) have no financial relationships to disclose.
 I (and/or my spouse or domestic partner) have a financial relationship or affiliation with the following commercial interest(s). *Provide details in the table below.*

The table asks about your financial relationships with entities in the biomedical arena that could be perceived to influence, or that give the appearance of influencing, your proposed research.

Place a check in the appropriate boxes to indicate any financial or other relationships (regardless of amount of compensation). Report all sources of revenue paid (or promised to be paid) directly to you or your institution on your behalf during the 36 months prior to this disclosure. This should include all monies from sources with relevance to the proposed work. If there is a question, it is better to disclose a relationship than not to do so.

Use one line for each entity. If additional lines are needed, attach a separate sheet. *Definitions of the terms used can be found in Section 7.*
